

nanotol® Primer and Sealant

nanotol, a sealant for all materials, repels fat, dirt, oil and water from paint, plastic, glass, ceramics, metal, marble, and leather.

nanotol is:

- free of silicones and organic solvents
- hydrophobic (water repellent)
- lipophobic (fat repellent) and oleophobic (oil repellent)
- food safe acc. to § 31 LBFSG and can thus be used in the food industry

Brief instructions:

1. Clean the surface with nanotol primer - dry
2. Seal the surface with nanotol sealant - let dry 10 minutes
3. Polish with the nanotol microfiber cloth - finished
